Vermont State Colleges 1999-2000 Fact Book

The Vermont State Colleges (VSC) is a public corporation established by the Vermont General Assembly in 1961. Three institutions, Castleton State College (CSC), Johnson State College (JSC), and Lyndon State College (LSC) offer programs leading to degrees at three levels: associate's, bachelor's and master's. Community College of Vermont (CCV) and Vermont Technical College (VTC) offer the associate's degree, and VTC has recently added two bachelor's degree programs. The map on the back cover illustrates the locations for each campus and the major sites through which services are offered.

The VSC Public Mission

For the benefit of Vermont, the Vermont State Colleges provide affordable, high quality, student-centered and accessible education, fully integrating professional, liberal, and career study.

This integrated education, in conjunction with applied learning experiences, assures that graduates of VSC programs, will:

- 1. Demonstrate competence in communication, research and critical thinking,
- 2. Practice creative problem-solving both individually and collaboratively,
- 3. Be engaged, effective, and responsible citizens,
- 4. Bring to the workplace appropriate skills and an appreciation of work quality and ethics,
- 5. Embrace the necessity and joy of lifelong learning.

The Vermont State Colleges also offer numerous opportunities for others to engage in continuous learning to meet their specific goals.

VERMONT STATE COLLEGES BOARD OF TRUSTEES

Six-Year Terms	Hometown
March 1, 1995 - February 28, 2001	
Michael R. Audet, Chair	Orwell
Irene M. Burtis	West Brattleboro
J. Churchill Hindes	Colchester
March 1, 1997- February 28, 2003 Gary M. Moore, Vice Chair Katharine E. White	Bradford Derby Line
March 1, 1999 - February 28, 2003 R. Marshall Witten	Bennington
March 1, 1999 - February 28, 2005 Frank A. Mazza, Sr., Secretary Barbara M. Taylor, Treasurer	Brandon Northfield
November 23, 1999 - February 28, 2005 Martha O'Connor	Brattleboro

Four-Year Terms	Hometown	
March 1, 1996 - February 29, 2000 Judith Crowley Cola H. Hudson	West Rutland Lyndon	
March 1, 1998 - February 28, 2002 Susan J. Bartlett Jerry D. Kreitzer	Hyde Park Rutland	

One-Year Term	Hometown		
June 1, 1999 - May 31, 2000			
Justin Hart	Lyndon State College

Assessment of Prior Learning Program

The Assessment of Prior Learning Program evaluates experientially-acquired, college-level learning for college credit. The award is based on a portfolio of prior learning containing documentation which substantiates the credit request. The process of portfolio preparation is accomplished in a course entitled Assessment of Prior Learning. This course is offered at Castleton, Johnson and Lyndon State Colleges, Burlington College, and the twelve CCV sites throughout the state each year. Enrollment data appear below.

STUDENT INFORMATION

This section contains information about the number and types of students attending the Vermont State Colleges. The following definitions apply to this information:

- a) <u>Headcount</u> The actual number of students enrolled for credit coursework at a college.
- b) <u>Part-time</u> (PT) An undergraduate student enrolled for fewer than 12 credit hours of coursework in a semester, or a graduate student enrolled for fewer than 9 credit hours of coursework.
- c) <u>Full-time</u> (FT) An undergraduate student enrolled for 12 or more credit hours of coursework in a semester, or a graduate student enrolled for 9 or more credit hours of coursework.
- d) <u>Full-time Equivalent</u> (FTE) For undergraduates, total student credit hours divided by 15. For graduate students, total student credit hours divided by 12.

MAP OF VSC ENROLLMENT FROM VERMONT COUNTIES: FALL 1999

ENROLLMENT IN NEBHE REGIONAL STUDENT PROGRAM

The New England Board of Higher Education (NEBHE) coordinates the Regional Student Program, which allows students from participating New England states to enroll in VSC academic programs that are not offered at their state institutions. The NEBHE tuition rates are equal to 150% of the Vermont resident tuition rate. Reported below are the numbers of out-of-state students attending VSC institutions under this program.

NEBHE Headcount Enrollment: Fall 1989 through 1999

FALL	CSC	CCV	JSC	LSC	VTC	TOTAL

- \bullet Women comprise 63% of VSC's Vermont students and 41% of VSC's out-of-state students.
- •CCV enrollment accounts for some of the disproportionate number of women students in the VSC. However, almost 54% of the Vermont students at the residential campuses are women, compared with 39% of the out-of-state students.
- The proportion of in-state students who are women versus men may be attributable to the fact that national data shows men are more willing to attend college farther from home than are women.

^{**} Graduate full-time equivalent (FTE) equals student credit hours divided by 12.

ENROLLMENT OF NON-TRADITIONAL STUDENTS: FALL 1990-1999

Over half of the students served by the Vermont State Colleges are considered "non-traditional" or over the age of 22 for an undergraduate and over the age of 26 for a graduate student.

Non-Traditional Students as a Percent of Total Enrollment

FINANCIAL AID

Student Financial Aid Program Information: 1998-1999	26-28
Financial Aid & Other Means of Paying for College: 1998-1999	29
Financial Aid by Sources of Funding: 1998-1999	30
Financial Aid by Type of Funding: 1998-1999	31
Financial Aid Activity by College: 1998-1999	32

STUDENT FINANCIAL AID PROGRAM INFORMATION: 1998-1999

Financial aid has become increasingly important in helping students meet college expenses. Financial aid includes grants or scholarships which do not have to be repaid, wages for work performed on or off-campus through a college employment program, and loans which must be paid back with interest.

Each college maintains a financial aid office to advise students, evaluate applications, and manage federal, state, and institutional aid programs. To qualify for financial aid a student must be considered to have financial need, defined as cost of attendance (COA) minus the expected family contribution (EFC).

Federal and state financial aid programs account for fully 97% of all financial aid received by VSC students. The following information includes financial aid disbursements for the 1998-1999 college year.

A. FEDERAL PROGRAMS

1. Pell Grants

Grants from federal funds based upon eligibility under a Congressionally determined formula, focused on undergraduates with low family income who have not earned a bachelor's or professional degree. In 1998-1999, the maximum award was \$3,000.

2. Supplemental Educational Opportunity Grants (SEOG)

Grants from federal funds administered by the college for undergraduate students having exceptional financial need. Priority is given to Pell Grant recipients. In 1998-1999, SEOG Grants ranged from \$100 to \$4,000 per year. SEOG Grants were funded 75% from federal dollars and 25% from institutional sources in 1998-1999.

3. Subsidized and Unsubsidized Stafford Loans

Stafford loans are for undergraduates and graduate students, are either federally subsidized or unsubsidized, and are obtained from a lender such as a bank, credit union, direct lending program through the VSC institutions, or FFELP program through VSAC for Castleton and CCV. The interest rate is variable, but not higher than 8.25% for loans disbursed on or after July 1, 1994. Students who have documented financial need are eligible for the subsidized Stafford loan. The federal government pays the interest while the student is in school. Students who do not have a documented financial need are eligible for the unsubsidized Stafford loan in which the student is responsible for the interest while still in school. Loan amounts vary depending on the student's year in school. For 1998-99 these loans ranged from \$2,625 for a first year student to \$8,500 for a graduate student. There are aggregate loan limits--the maximum outstanding debt allowed for a dependent undergraduate student being \$23,000. The maximum outstanding debt for an independent undergraduate student is \$46,000. The maximum outstanding debt allowed for a graduate student including loans for undergraduate study is \$138,000.

4. Perkins Loans

Low interest loans (5%) from federal funds administered by the college, focused on both undergraduate and graduate students having exceptional financial need. Loan amounts vary depending on the student's year in school and the amount of revolving loan funds available.

5. Nursing Loans

Low interest loans from federal funds administered by the college, focused on both undergraduate and graduate students enrolled in a Health Professions program. Loan amounts vary depending on the amount of revolving loan funds available.

6. College Work Study (CWS)

The federal College Work Study program provides jobs for undergraduate and graduate students who need financial assistance, paying at least the current federal minimum wage. College Work Study jobs may be either on or off campus, with a private non-profit organization, local, state, or federal public agency, or otherwise where the work performed is in the public interest. Colleges must use 5% of federal Work-Study allocation for community service jobs. In 1998-1999, CWS was funded 75% from federal dollars and 25% from institutional sources.

B. STATE PROGRAMS

1. VSAC Grants

Grants funded by the State of Vermont are awarded to Vermont students through Vermont Student Assistance Corporation (VSAC), and in 1998-1999 ranged from \$150 to \$4,400 (\$4,400 maximum at VSC campus colleges and \$2,850 maximum at CCV). For full-time students, the amount of the grant is determined by subtracting any Pell grant support and the calculated family contribution from the maximum allowable grant of \$4,400.

2. Home State Grants

Grants are awarded by some other states to their residents who attend a Vermont State College, with amounts varying dependent upon each state's criteria.

C. OTHER PROGRAMS

1. VSC/Private Grants and Scholarships

Only 3% of all financial aid awarded to VSC students is provided by VSC and private grants and scholarships. VSC grants include endowed scholarship funds, as well as gifts to the colleges specifically for financial aid. Private grants are awarded directly to VSC students by service clubs, foundations, and organizations.

2. PLUS Loans (FFELP)

PLUS loans (Parent Loans for Undergraduate Students) are for parents who want to borrow funds to help pay for their children's education. PLUS Loans have a variable interest rate which is adjusted each year, but cannot be higher than 9% for loans disbursed on or after July 1, 1994 and before July 1, 1998. These loans provide additional funds for educational expenses, and are available through banks and credit unions, through direct lending for JSC, LSC and VTC, or through VSAC for Castleton and CCV. A PLUS Loan may not exceed the student's cost of attendance minus other financial aid awarded (Cost Of Attendance minus Aid Awarded equals PLUS Eligibility).

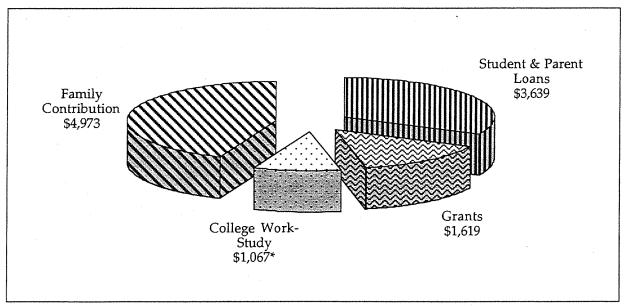

FINANCIAL AID & OTHER MEANS OF PAYING FOR COLLEGE: 1998-1999

A significant 86% of the cost to attend one of the residential Vermont State Colleges is paid for through combination of family contributions, student and parent loans which must be repaid, and college work-study wages earned for doing a job.

Grants which do not have to be repaid thus cover only 14% of the cost to attend one of the residential Vermont State Colleges.

The chart below is based on an average cost of a Vermont resident attending and living on campus at Castleton, Johnson, or Lyndon State College for the 1998-1999 year.

1998-1999 Typical Sources for Paying VSC Student Expenses

- For Vermont students, financial aid is comprised of 65% self help (work and loan), 23% federal grants (Pell and SEOG), 9% VSAC grants, plus 3% privately endowed scholarships and other VSC grants.
- For out-of-state students, financial aid is comprised of 85% self-help, so that non-Vermonters must primarily finance their education through federal work-study and loans.

- The average salaries shown above are based on faculty who are included in the tenyear staffing plan.
- Compensation reflects salary plus benefits which includes social security, retirement, life, disability, medical and dental insurance, unemployment compensation, workers compensation, and tuition waivers. For FY2000, this represents an amount equal to 149% of full salary.
- Over 90% of VSC faculty members have a doctorate or a terminal degree (MBA, JD, MFA, etc.).

[Note: FY2000 salaries based on FY99 rates, since new faculty contract not yet ratified.]

Audited financial statements used for all years through FY98.

FY1981: Reg Appropriation \$7,986,828 cut by \$235,000; supplemental appropriation of \$100,000 for faculty pay.

FY1982: Reg Appropriation \$8,785,000 cut by \$64,490.

FY1983: Reg Appropriation \$9,862,700 cut by \$250,000.

FY1984: Reg Appropriation \$11,669,000 cut by \$120,307; includes special appropriation of \$300,000 for library books. FY1987: Reg Appropriation \$11,937,450 and special appropriation of \$415,000 for library automation.

FY1988: Reg Appropriation \$12,865,000 and special appropriation of \$100,000 for library books. FY1989: Reg Appropriation \$14,027,847, and \$32,000 for bonding costs.

FY1990: Reg Appropriation \$15,505,852 cut by recisions of \$310,117, \$77,529 and \$100,000.

FY1991: Reg Appropriation \$15,868,900 cut by recisions of \$420,527 and \$372,920.

FY1993: Reg Appropriation \$14,470,000 cut by recision of \$217,050.

FY1994: Reg Appropriation \$14,253,000 cut by recision of \$285,060.

FY1995: Reg Appropriation \$13,967,940 plus separate Practical Nursing appropriation of \$422,429.

Reg Appropriation \$14,967,940 cut by recision of \$300,000, plus separate Practical Nursing appropriation of FY1996:

FY1997: Reg Appropriation \$14,767,940 plus separate Practical Nursing appropriation of \$449,688. (Note: numbers do not include state funds of \$100,000 for endowment challenge grant.)

FY1998: Reg Appropriation \$15,355,500 plus separate Practical Nursing appropriation of \$463,155. (Note: numbers do not include state funds of \$100,000 for endowment challenge grant.)

FY1999: Reg Appropriation \$15,992,000 plus separate Practical Nursing appropriation of \$481,000.

(Note: numbers do not include state funds of \$100,000 for endowment challenge grant.) FY2000: Reg Appropriation \$17,118,400 plus separate Practical Nursing appropriation of \$514,700

(Note: numbers do not include state funds of \$100,000 for endowment challenge grant.)

VSC STATEWIDE EDUCATIONAL NETWORK

A. Southern Vermont Education Center

With the support of the Vermont General Assembly, the Vermont State Colleges established the Southern Vermont Educational Center (SVEC) in Springfield in January 1989. The purpose of the Center is to coordinate and deliver to the region higher education programs sponsored by the five VSC institutions that would otherwise not be accessible to southern Vermont.

In 1999 the SVEC co-located with Johnson's External Degree Program and Vermont Interactive Television in the Community College of Vermont's Springfield site. The overall goal of this co-location is to develop a model for collaboration across VSC institutions that will provide, through one location, access to a full range of VSC programs and services for the individuals and organizations in southern Vermont. VSC Springfield offers courses at the graduate, undergraduate, and associate level, as well as workforce education and training designed to meet the needs of specific businesses that is often delivered on-site.

B. <u>Vermont Interactive Television</u>

Vermont Interactive Television (VIT) is a two-way audio and video distance learning and videoconferencing system. VIT has sites in twelve communities around the state: Bennington, Brattleboro, Canaan, Colchester, Middlebury, Newport, Randolph Center, Rutland, St. Albans, St. Johnsbury, Springfield and Waterbury. In addition, VIT maintains a direct connection to the UVM Distance Learning Network, has satellite downlinking capacity at several sites, provides direct feeds to local PEG access channels in several communities, and offers closed captioning services. VIT also provides national and international videoconferencing through its VisuLink service.

The overall purpose of VIT is to make educational and training programs more accessible to underserved areas and sectors of the state, and to enhance communications for education, government, non-profits and businesses. VIT provides a cost-effective way to conduct business, disseminate information, offer educational programs and hold statewide public hearings.

VIT has been developed and funded by a partnership of local, state and federal entities. VIT also generates revenues via the hourly rates it charges clients. At the State's request, VIT is managed by the Vermont State Colleges and is advised by an eight member Coordinating Council appointed by the Governor.

In recent times VIT use has been by over 15,000 individuals and some 500 companies or organizations, and service delivery has approached 20,000 hours of programming. Examples of programs include: a complete Associates Degree in Nursing offered by VTC, the Child Care Associate Certificate Program, masters level teacher education courses, the Professional Human Resources Management Certification Program, a large variety of training sessions for State agency personnel, and global videoconferencing.

Annual state appropriations for Vermont Interactive Television have been:

FY89	\$365,000	
FY90	\$353,375	
FY91	\$355,000	
FY92	\$344,136	
FY93	\$338,840	
FY94	\$450,800	
FY95	\$480,800	
FY96	\$570,600	
FY97	\$635,606	plus \$60,000 supplemental allocation
FY98	\$725,000	
FY99	\$743,125	plus \$25,000 Capital Appropriation
FY2000	\$788,933	plus \$186,300 from one-time State surplus

C. Small Business Development Center (SBDC)

The purpose of the Vermont Small Business Development Center (SBDC) is to improve the economic climate in Vermont through the promotion and development of small businesses, and by providing management assistance to Vermont's small business persons. The Vermont State Colleges became the host organization for the SBDC in October of 1992.

The SBDC Director's office is located at Vermont Technical College. Eleven business counselors are co-located in Regional Development Corporation offices throughout the state, and provide SBDC assistance in all regions of Vermont. The SBDC is primarily funded through a major grant from the federal Small Business Administration.

Since its inception, the SBDC has provided 30,000 hours of business counseling to 8,700 clients, with over 11,000 people attending SBDC seminars. In addition, the SBDC has been actively involved with The Business and Industry Expo, Vermont World Trade Office, Women's Business Center, Y2K Council, and other technical assistance and support groups. The SBDC is a founding member of both the Technical Assistance Provider's Association (TAPA), and the Vermont Business Development Network.

The SBDC provides environmental assistance through its Environmental Assistance program in partnership with the Vermont Agency of Natural Resources. The SBDC also performs export readiness assessments and manages the consultant network for the Vermont World Trade office.

In terms of impact, a 1998 survey of clients validated earlier findings of a 6 to 1 return on the state's investment in the program, and revealed that SBDC clients had twice the average job creation and 10 times the average sales increases of other Vermont businesses. It continues to be one of the most effective programs funded by the state.

D. <u>Nursing Education Programs</u>

In 1994 the Vermont schools of Practical Nursing were integrated into Vermont Technical College, and in 1997 the Associate's Degree in Nursing (ADN) program offering a second year of nursing studies was approved. The certificate in practical nursing and the associate in science degree in nursing prepare the entry level practitioner at each level to practice within the ethical and legal framework of the profession and the Vermont State Nurse Practice Act.

The four sites are:

Fanny Allen Memorial School for Practical Nursing Putnam School Memorial School of Practical Nursing Thompson School for Practical Nursing Vermont Technical College Colchester
Bennington
Brattleboro
Randolph Center

All four sites offer an accredited program of educational preparation for students seeking entry-level nursing opportunities. The licensed practical nursing programs are designed for completion over a ten and one-half month period for full-time students. They articulate to a second year of study for the associate's degree in practical nursing. Both the practical nursing and the ADN programs are offered at all four sites.

In 1995 and 1997 Vermont's practical nursing programs had the highest national percentage of students passing their licensure examination. In 1996 and 1998 they achieved the second highest national passing percentage.

Enrollment and financial data regarding the nursing programs are included with VTC information in the Fact Book.

E. <u>Vermont Manufacturing Extension Center (VMEC)</u>

The Vermont Manufacturing Extension Center was created in late 1995 as a not-for-profit center whose mission is "To Improve Manufacturing in Vermont." The center assists Vermont's approximately 2,200 small and medium size manufacturers in solving problems, increasing productivity, modernizing processes, and improving their competitiveness. A broad range of training and education opportunities for manufacturers are also regularly offered.

The center services are fee based and designed to be flexible and responsive. VMEC has a staff of field engineers and other specialists who are based in offices located around the state. VMEC is headquartered at Vermont Technical College and operates as a partnership of federal and state government, education, and private industry. The Center is an affiliate of the nationwide Manufacturing Extension Partnership (MEP) under the National Institute of Standards and Technology (NIST).

VMEC is governed by a local advisory board comprised of Vermont manufacturers and other leaders with strong interests in promoting and improving manufacturing. Contact VMEC at 1-800-MEP-4MFG (in Vermont) or at Web site: www.vmec.org
