

MEMORANDUM

TO: VSCS Board of Trustees

FROM: Sophie Zdatny, Chancellor 

DATE: June 11, 2021

SUBJECT: Board of Trustees Annual Meeting on June 16, 2021

Trustees:

The materials are now available for the upcoming annual Board meeting scheduled for **1:00 p.m., on Wednesday, June 16th, 2021**. The meeting will take place via Zoom and will be livestreamed on YouTube.

The meeting will begin with an introduction to and welcome of our incoming trustees: **Shirley Jefferson, J.D.**, and **Sue Zeller**. Dean Jefferson is the Associate Dean for Student Affairs and Diversity and an Associate Professor of Law at Vermont Law School. Sue Zeller recently retired from her position as Chief Performance Officer in the Agency of Administration.

Following approval of the minutes from the two previous Board meetings, **EPSL Committee** Chair Megan Cluver will provide a report from the committee's most recent meeting. In preparation for this meeting, Megan has requested that those trustees who did not attend the committee meeting review rpk GROUP's report (see <https://www.vsc.edu/wp-content/uploads/2021/05/EPSSL-Materials-final.pdf> at pp. 22-81) and watch this clip of rpk's presentation to EPSL (<https://www.vsc.edu/wp-content/uploads/2021/05/EPSSL-Materials-final.pdf>), which is approximately 50 minutes long.

The EPSL Committee is asking the full Board to set in motion a foundational element of our transformation: adopting a framework and metric for how we think about programs and enabling the faculty to begin work on this path over the summer. The rpk leadership team will provide a brief summary of their report, followed by approximately 20 minutes for discussion. In addition to asking the Board to vote on two recommendations related to the program array work, the EPSL Committee is also recommending action on two motions regarding the faculty's work on the system-wide General Education core.

Wilson Garland, our incoming Director of Transformation Projects, along with **Kellie Campbell**, our Chief Information Officer, will provide a transformation update explaining the project management approach we will be using to handle the significant transformation work ahead.

The Board will then hear reports from the **Finance and Facilities Committee**, the **Executive Committee**, the **Nominating Committee**, and the **Diversity, Equity and Inclusion Committee** and act upon the proposed recommendations of these committees. As this meeting is the Board's annual meeting, the trustees will be asked to vote upon a slate of trustees to serve as officers and a slate of trustees to serve on the Audit and Risk Management Committee.

The Board will also be asked to vote upon a proposed Board and Committee meeting **calendar** for 2021-2022.

After opening up the meeting for public comment, the Board will enter into **executive session** to discuss several matters.

8. Legislative Update

Director of External and Governmental Affairs Katherine Levasseur provided an update on the 2021 Legislative session. In January, the Governor had recommended that the VSCS receive \$20 million in one-time funds, in addition to the \$30 million base appropriation. In March, the House recommended funding for the VSCS at levels consistent with the recommendations of the *Select Committee on the Future of Public Higher Education in Vermont*, plus \$20.5 million in Critical Occupations Scholarships, workforce development proposals, and free tuition programs for students. The Senate is in agreement with the House on the increase of \$5 million to the base appropriation, \$21 million in bridge funding, and \$20 million in transformation costs, but with some differences over the scholarships, workforce development and free tuition proposals. Additionally, H.315/Act 9 recently passed into law which provides funding for three VSCS programs: Vermont Tech's Practical Nursing Program, Workforce Development Initiative 2.0, and the Green Mountain Graduation Gift free courses to 2020 and 2021 Vermont high school graduates at any VSC institution.

9. Report from Vermont Tech's Agriculture Transformation Group

Vermont Technical College President Pat Moulton introduced Ellen Kahler, Regina Beidler and Louise Calderwood to present on Agriculture & Food System Education Transformation Project at the VT Tech Randolph Campus. President Moulton described this project as a reexamination of its low enrolled and expensive Agriculture program. This presentation can be found [here](#) on pages 38-66.

10. Executive Session

At 3:27 p.m. Trustee Cluver moved that the VSCS Board of Trustees enter executive session pursuant to 1 V.S.A. § 313 (1)(F) for the purpose of receiving confidential attorney client communications made for the purpose of providing professional legal services because premature general public knowledge of these discussions would place the VSCS at a substantial disadvantage; and 1 V.S.A. § 313(a)(2) to discuss negotiating or securing real estate purchase or lease options and 1 V.S.A. § 313(a)(3) to consider the employment of a public employee. Along with the members of the Board present at the meeting, the Board invited the Chancellor, and General Counsel. Trustee Moran seconded the motion and it was approved unanimously.

11. Additional Business

There was no additional business.

12. Comments from the Public

Beth Walsh asked for clarity on the Chancellor's use of the term "academic spaces" with respect to upcoming cleaning of ductwork in her Transformation presentation and wondered if that was referring to spaces where faculty spent time. CFOO Scott responded that the Coronavirus relief funds will first be allocated to cleaning ductwork and improving airflow in spaces where there are large gatherings of students, like classroom buildings. Any remaining funds will then be used for administrative spaces.

Chair Dickinson adjourned the meeting at 4:46 p.m.

Dear Chancellor Zdatny,

In 2013, a generous gift was made by retired Johnson State College Professor Glenn Sproul and his wife, Marga Sproul, M.D., to establish The Glenn and Marga Sproul Endowment for Faculty in Mathematics. They have continued to make additional yearly gifts and plan to continue their giving in order to grow the endowment to meet their personal goal.

The original intent of this fund was for the interest to eventually, after the endowment corpus had grown large enough, be used to support a named chair in the academic department in which Mathematics resides. In the meantime, while the endowment is building to reach a level sufficient to support a named chair, available interest has been used to support faculty development. While supporting faculty in the mathematics department is the priority, half of the available interest may also be used to support faculty in the sciences. Past awards have been used to fund faculty attendance at conferences and other professional development opportunities, the purchase of equipment and technology used for teaching, the establishment of a new science lab, and various other department needs.

The Sprouls are very pleased with how the income from their endowment fund has been used to date by faculty in both Mathematics and Science at NVU-Johnson to enhance their educational offerings to students. Accordingly, they would now like to shift the focus and objectives of their endowment. They no longer have as a goal the eventual funding of a mathematics faculty position at NVU-Johnson, but instead would like to continue to support the faculty in the Mathematics and Science departments on all campuses. The Sprouls wish for the language of their endowment to be changed to reflect their new goal. Their proposed language is:

The Glenn and Marga Sproul Endowment for Faculty in Mathematics and Science (note the amendment to the name) will be established for the purpose of using income generated from the endowment to provide non-salary support for faculty in the Mathematics and Sciences to improve the quality of their teaching. Priority will be given to Mathematics faculty on the Johnson campus, with second priority given to Science faculty on the Johnson campus, and third

priority given to Mathematics and Science faculty at other campuses in the Vermont State Colleges System. Awarding and distribution of available funds to departments is to be handled by Northern Vermont University. The endowment principal will continue to be protected from use.

We look forward to the Vermont State Colleges Board of Trustees' approval of the proposed changes to this wonderful endowment.

Sincerely,

A handwritten signature in black ink that reads "Elaine C. Collins".
